

Applying for a Speakers Bureau Grant

Each chapter is allowed to apply for a single grant of up to \$250 per year for a speaker to present at a chapter function. These need to be approved by the Speakers Bureau coordinator, and the SFTA president.

Those wishing to apply for the grant will need to submit a Speakers Bureau application, which is available at the link on the toolbox site as a PDF or Word file. Fill it out, and mail it directly to the coordinator at the address on the application, or email it. If there are any questions, there is plenty of contact information on the application, both by phone and email.

The SFTA maintains a list of approved speakers, whose qualifications have already been evaluated as suitable for funding; however, the grant may also be used to engage other speakers at the discretion of the Speakers Bureau coordinator and the Association president. Chapters desiring to do so should contact the coordinator.
